We value our relationships with our joint venture partners and always keep our colleagues involved and informed. **OUR MOTIVATION:** While accolades are nice (such

as our recent recognition in Texas Lawyer for a tough trial victory), our greatest satisfaction is the hug or hearty handshake at the end of the case from a happy client. **CLIENT FOCUSED APPROACH:** Our injured clients deserve to be involved, informed and continually educated regarding the progress and developments on their case. We expect to exceed our client's goals on both a financial and a professional basis.
