

Why Hire Us?

You have been hurt and it was not your fault. You are in pain and you have been incredibly inconvenienced. You decide that you want to make a claim for reimbursement and fair compensation. You think about handling the insurance claim on your own, but decide that you need to look into hiring an injury lawyer. But you don't know one and you have no way to know who to hire. So how do you choose a qualified lawyer? Well, here is why we think you should consider hiring the Anderson Law Firm:

The Plan

From the very beginning, you will sit down with a board certified lawyer and a Plan will be laid out for your claim. Each case is different, so each case needs a customized plan to fit your situation. The goal will be to maximize your recovery while taking the stress off of you. We focus on your claim while you focus on recovering. You will know the Plan. We will execute the Plan.

Our Experience

Both lawyers at the Firm have been practicing injury law for over 20 years each. We have handled thousands of injury cases and are very proud of our record. On our website, you can read our case results and read what our clients say. Check us out.

And yes, we are Board Certified in Personal Injury Trial Law. (Only 2% of Texas lawyers can say this).

The Staff

At our Firm, we pride ourselves in employing really nice people who are extremely well qualified. They are very good at what they do. If you ever have a question, ask anyone at the Firm. They probably know the answer, but if they don't, they will immediately find it out and get back to you.

We really like our staff – and you will too.

Client Experience

We realize that even when you have a solid plan, a great staff, and an experienced lawyer – that is still not enough. Not at our Firm. We pride ourselves in letting the client know exactly what is going on. We aim to educate our clients on the process and keep them up to date on the progress of their claim. We take the stress off our clients. We want them to focus on getting better. We focus on maximum recovery.

Results

All lawyers are judged on their results. At our Firm, we are extremely proud of our results, having recovered millions for our many clients over the years. We work hard to convince the insurance company to fairly compensate our injured clients. And if they don't make a fair offer, we will be glad to try the case to a jury. Either way, we get results.
